FORM 1095-C - Employer-Provided Health Insurance Offer and Coverage

Form 1095-C is a tax form which reports to the IRS if employees were offered and enrolled in minimum essential coverage under the ACA and which months of the year they had the coverage. Applicable Large Employers (ALE’s), or employers with 50 or more full-time equivalent employees are required to send out Form 1095-C to all full-time employees defined by the Affordable Care Act (ACA) regulations (those who work an average of 30 or more hours per week).

Who will get this form? A form 1095-C will be issued to all full-time (as defined by ACA) university employees who were actively working during calendar year 2016.

Purpose of Form: Employees will use Form 1095-C, in combination with their Form 1095-B, for IRS and tax purposes. Form 1095-C describes what coverage was made available to the employee.

The form identifies:
- The employee and the employer
- The type of coverage offered and which months during the year employees were eligible for coverage
- The cost of the cheapest monthly premium the employee could have paid under the plan
- The reason why the employee was or was not offered coverage

1095-A Forms - Health Insurance Marketplace Statement
This form is for people who have health insurance through the Health Insurance Marketplace, often called an exchange. These form will be sent by the Marketplace.

1095-B’s for Students
Students covered by the student health insurance plan should either contact Aetna Student Health at 866-746-6590 or log in to their website at http://www.gallagherstudent.com/siu. Please note: In 2015, Aetna printed the student’s dawg tag number instead of the social security number in box 2. This generated a number of calls to the payroll office with the impression we had their SSN wrong. Students should be referred to the contact information in Section III of the 1095-B for SSN or any other issues or questions. Student Health Services has reported that 1095-B’s are targeted to be mailed March 2, 2017.
