

Human Resources was delighted to learn that the SIU Board of Trustees approved a 2% increase to the salary pool for SIU Carbondale at its September 15 meeting.

As outlined in the guidelines provided by Chancellor Lane's email announcing the good news, the salary increases for eligible employees will occur under this schedule with the new pay rates in effect:

<u>Employee Pay Frequency</u>	<u>Payroll</u>	<u>Pay date</u>
Bi-Weekly	BW22	November 4, 2022
Semi-Monthly	SM20	October 14, 2022
Monthly	MO11	October 31, 2022

The salary increase is retroactive to July 1, 2022. Human Resources will do everything it can to apply the retroactive pay as soon as possible as we know the importance to our fellow employees of receiving the additional funding in their paychecks.

Employees represented under collective bargaining agreements should contact their union leadership for more information on how their individual pay rate may change, if needed.

Each employee will be notified by Human Resources via SIU email address of the new salary rate applicable to that employee's position. Any questions regarding the information on the notice should be directed to HRinfo@siu.edu.
