### Other Important Facts:

Members are limited to one counseling appointment or written estimate every 12 months. While eligible employees are allowed to meet with a counselor every 12 months, it is not necessary unless the previous estimate information has changed significantly.

Retirement Savings Plan (RSP) members meeting with a SURS counselor will receive illustrations from one of the RSP providers, as well an explanation of the options available at retirement. All members are encouraged to follow up with the RSP provider for more specific explanations or questions. Members will receive a copy of the illustrations prepared after their appointment.

### Online Benefit Estimator:

An online benefit estimator is available at [www.surs.org](http://www.surs.org). The estimator is a helpful tool that can be used by members in the Traditional and Portable Plans when they do not meet the criteria for a counseling appointment. ***Please keep in mind that the online estimator cannot accurately calculate estimates for members who have part-time service, reciprocal service, or police/fire service.***

### IMPORTANT REMINDER:

A retirement estimate in no way commits the employee to retire on a specific date – it is merely a projection to assist the employee in retirement planning and determining a future retirement date. An application for retirement must be submitted to SURS to initiate a retirement claim.

### Scheduling an Appointment:

Eligible members who are in the Traditional and Portable plans must complete a retirement estimate request form prior to scheduling an appointment or requesting a written estimate.
